

“WATER IS A MEDIUM WITH MEMORY”

A mirror reflecting our level of consciousness

The average human body is 70% water. We start out life being 99% water as fetuses. When we are born, we are 90% water, and by the time we reach adulthood, we are down to 70%. If we die of old age, we will probably be about 50% water. In other words, throughout our lives we exist mostly as water! From a physical perspective, humans are water!

How can people live happy and healthy lives? The answer is to purify and bring into coherence, the water that makes up 70% of our lives... i.e. Harmonia (*coherent light*) Water.

Water serves as a transporter of energy throughout our bodies. Water is able to memorize and transport information. Water circulates around the globe, flowing through our bodies and spreading to the rest of the world. *To understand water is to understand the cosmos, the marvels of nature, and life itself!*

Tap water includes a dose of chlorine (a nascent chemical) to sanitize it, utterly destroying the structure and coherence found in natural water. Water is not just another substance... It is the life force of Majestic nature!

Water is the mirror of the Soul ... It has many faces.

Existence is *Vibration*. The entire universe is in a state of vibration, and everything resonates to its own frequency (which is unique)! Whatever the substance, **nothing is solid!**

Everything is eternally moving and vibrating, on and off, at an incredible speed. Human beings are also vibrating, and each individual vibrates at a unique frequency.

Everything is in a state of vibration and is creating *Sound*.

“As sound is created, there is a 'Master Listener' to receive the sound: WATER!”

When purified water is shown a written word, it receives it as a vibration and expresses the message in a specific form: hexagonal, geometric crystals in varying degrees of beauty, reflecting the level of consciousness!

Crystals do not form in water that has been chlorinated and/or contaminated with harmful chemicals and other pollutants. Indeed, water is the force (medium), that creates and gives life!

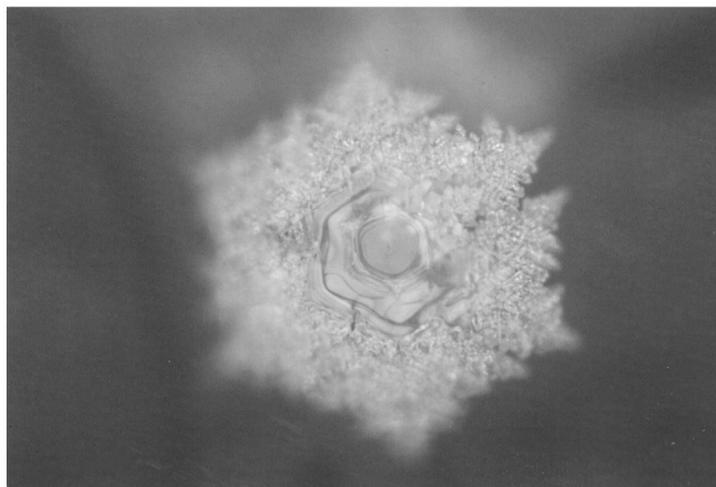

Dr. Masaru Emoto perfected a technique for photographing the crystalline nature of samples of water: "The Message from Water."

Harmonia Water is a medium (substance) that can/will shift and elevate the consciousness of the water and the people of our planet!

A gallon of water weighs 8 lbs. A 150 lbs. person has 13.13 gallons for water in his/her cells! That's 2½ five-gallon containers of water! Replacing the water in your cells with high-frequency coherent light found in Harmonia Water will greatly assist in restoring coherence and harmony in your body's cells!

Harmonia Water moves in rhythmic cycles with order and beauty! That is the way a plant will grow when watered with Harmonia Coherent Light Water.

The same results hold true with People, fish, pets, and other animals!

With Thanks and Gratitude
to Dr. Emoto.
